

2017 Winners of Parent's Choice & NAPPA Awards

Wendy & DB are a dynamic duo from Chicago who often perform with their larger Funn Band. Wendy & DB encourage the curiosity and imagination that flourish naturally in children with positive lyrics honoring inclusion and compassion. Wendy & DB's melodic, interactive and contagious songs delight folks, newborn to one hundred and two!

Going Green with "HomeEarth"

Wendy & DB's latest children's album focuses on the environment, kicking off with the title song "HomeEarth". Tunes about bugs, bees and planting seeds inspire kids to grow their ideas like gardens. "Water Song" explores where our water comes from while "We Bop" and "Hopscotch" get the kids moving on the ground and in the air. "Girl Superhero" encourages girls and boys to connect to their inner strength, like the song's heroine Miro, and help Mother Nature in her plight for a cleaner planet. Wendy & DB are committed to supporting the environment with their work, raising money and awareness for organizations such as Jane Goodall's Roots and Shoots, Xerces Society for the protection of bees and VH1 Save the Music. They are especially proud of their work with McCracken Middle School in Skokie, IL and Sullivan Middle School in Chicago, IL collaborating with teachers and students to create music for A Better Life for Kids and other projects.
